VI. Action Items

VII. Proposals

- A. Conference tournament seeding for volleyball and boys and girls basketball. Change seeding from straight power points to adjusted power points subtracting any bonus points for playing up classification levels.

Rationale:

Seeds on an equitable level. The way it sets now, a C2 team and a D2 team can both beat the same C2 team. The D2 team gets 3 extra points. Is that fair in our scenario?

When we first set this up when the old NENAC teams entered the conference we discussed this but thought it would be too time consuming to mess with. Recently I decided to see just how hard it would be to do. Even though I am an old wrestling coach I was able to make the adjustments in just a few minutes when I applied it to this year's basketball tourney. I will bring examples of this to the meeting Wednesday.

VIII. Discussion Items

- A. Noelle Petersen, music director, answer questions in regards to the previous proposal made December 2nd meeting.

Instrumental Music: Upon mutual decision at the October band director's meeting, students may be added to help fill the vacant seats for instrumentation in each band.

- a. **Rationale:** Some schools are not able to bring their full ten students due to declining enrollment. Also in order to ensure full instrumentation of the bands, the schools should be able to bring more students as long as it is beneficial.

B. Hosting semi-final games in the conference tournament

C. Hosting sites for conference tournament gym size and locker room issues

D. Need to setup special meeting to setup schedules etc. for the 2018-2019 school year. Two divisions

E. 2016-2017 calendar

Dear Mr. Bejot,

I would like to nominate Kevin Snyder for the Jim Winch Award. He has worked tirelessly as the Athletic Director for the Homer Community School District for 21 years and as an educator for 33 years. In that position he continues to bring dedication, wisdom, and a passion for high school athletics that is surpassed by none. There is no one who cares more about the success of students and coaches both on and off the field or court. He freely gives up his time for the service of others.

His coaches hold him in the highest esteem as you can see by the words of Ms. Angela Ford, Head Volleyball Coach.

I believe Kevin Snyder deserves this award as he is dedicated to his school and the athletic department. He gives his time and his heart to the athletic department. He believes in his coaches and his supports them in all ways possible. He is very approachable, he is very understanding but also stern on his decisions, and he is very organized. He never makes you feel like you are out there on your own. Always checks on you to make sure you and your athletes and your coaching staff are taken care of. I have been under his care for 8 years and have also had the privilege of being a student and athlete under him. He has always been a very caring and understanding coach, teacher, and mentor. He believes in the chain of command and believes that his coaches should always be approached first, and that he has the utmost faith in the coaches he has hired. With this said, Kevin Snyder deserves the Jim Winch Award. (Ms. Angela Ford)

Mr. Snyder deserves to be honored for his years of service as athletic director. Please consider him for this year's award. If you have any questions, feel free to contact me.

Respectfully,

Dr. Cheryll Malcom
Superintendent
